

## If You Can't Stand the Heat, Get Out of the Cockpit

It's that time of year where we need to be concerned about flying in increased heat. The heat tends to take a toll on us as the pilot and on the performance of our aircraft. This event will discuss some of the associated risks and some tips and techniques to mitigate them.

**Directions:** The historic Hotel Paisano is located just south of the square in Marfa.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
